- Education and Training

We are well versed in Medicare compliance trends including marketing guidelines, fraud and abuse, specific compliance matters, relationships between participants in public programs and implications of health care reform. We have extensive experience with Medicaid contracting matters and operational considerations for health plans in complying with state mandates and requirements. We have provided legal and compliance advice for the complete array of organizations participating in public programs ? hospitals, physicians, Medicare Advantage, Part D and SNP plans. Also, we have supported clients undertaking audit activities for state and federal programs. Our expertise allows us to identify potential issues and remediate concerns that arise for providers and plans that participate in public health care programs.
